## **1. General Information:**

National Bank of Umm Al-Qaiwain (PSC) (the “Bank”) is a Public Shareholding Company (ADX listed) incorporated in the Emirate of Umm Al-Qaiwain (“UAQ”) in the United Arab Emirates (“U.A.E.”) by Amiri Decree Number (1) on January 5, 1982, issued by His Highness, the Ruler of Umm Al-Qaiwain, and commenced its operations with effect from August 1, 1982.

The Group comprises National Bank of Umm Al-Qaiwain (PSC), Umm Al-Qaiwain, and its subsidiary Twin Towns Marketing Management LLC (100% ownership), Dubai. The Bank is engaged in providing products and services to customers in Retail, Corporate, Small and Medium Enterprise, Treasury and Trade finance in both conventional and Islamic banking.

## **2. Executive Summary:**

The Central Bank of the UAE has published notice number CBUAE/BSN/2020/4980 in November 2020 and CBUAE/BSN/2021/5508 on 30 November 2021 regarding Pillar 3 disclosures. These disclosures have been prepared in accordance with these guidelines along with the Board approved disclosure Policy of the Bank.

### **2.1. Purpose**

The purpose of this report is to enable market participants to access key information relating to Bank’s regulatory capital and risk exposures in order to increase transparency and confidence about Bank’s exposure to risk and the overall adequacy of its regulatory capital.

### **2.2. Overview of Basel III Requirements**

The Bank complies with the Basel 3 standards and guidelines, which have been implemented in the UAE through notice reference CBUAE/BSN/2020/4980 dated 12 November 2020.

**For Pillar 1**, Bank has adopted the Standardized Approach for Credit Risk, the Standardized Approach for Market Risk and the Basic Indicator Approach for determining the capital requirements for Operational Risk.

**Pillar 2 covers** additional risk areas such as systemic risk, concentration risk, strategic risk, reputational risk, liquidity risk and legal risk. The risk and capital assessment of these other areas are commonly referred as “Internal Capital Adequacy Assessment Process (ICAAP)”. Under ICAAP report, the Bank assesses the above mentioned risk (where applicable) and measures that after combining the pillar 1+Pillar 2 risk the Bank can withstand the regulatory and internal capital requirements. The Bank submits ICAAP report to CBUAE on annual basis.

**Pillar 3** focuses on Market Discipline and complements the minimum capital requirements (Pillar I) and the supervisory review process (Pillar II). The CBUAE supports the enhanced market discipline by developing a set of disclosure requirements which will allow market participants to assess key pieces of information on the scope of application, capital, risk exposure, risk assessment process and hence the capital adequacy . This report is prepared in line with the same objective.

### **2.3. Verification**

The Pillar 3 disclosures for the period 31 March 2022 have been reviewed and signed off by Internal Auditors and compliance department.

### **2.4. Capital Management**

Bank’s capital management policy is to maintain a strong capital base to support the development and growth of business. Current and future capital requirements are determined on the basis of loan growth expectations for each business unit, expected growth in off-balance sheet facilities, future sources and uses of funds and Bank’s future dividend policy. The Bank also ensures compliance with externally imposed capital requirement norms, strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholders' value. The U.A.E. Central Bank requires the banks in U.A.E. to maintain a ratio of total regulatory capital to the risk weighted assets at or above the agreed minimum of 13%. (Including 2.5% of capital conservation buffer). Bank continues to maintain one of the highest capital adequacy ratios in the UAE banking industry, which stands at 43.71%, which is far higher than the 13% i.e the minimum prescribed levels stipulated by Central Bank of the UAE. This demonstrates the financial strength of the Bank and its capacity to expand its lending and investment capability when needed.
